

## **ABBIE FEARNs**

Abbie is currently participating in a three-year long course at the WA Academy of Performing Arts that will eventually provide her with a Bachelor of Dance focusing on classical performance units.

She plans to complete this course and in doing so gain knowledge and experience from the amazing opportunities this gives in terms of classes and teachers made available to her, performance prospects and educational growth through both theoretical and practical classes.

After obtaining this degree her goal is to travel nationally and internationally to audition for various companies where she aims to achieve an apprenticeship or a pre-professional contract and eventually, a long-term contract with a ballet company.

Although this is her present focus, Abbie has learnt the vitality of an open mind in the performing arts industry and is welcoming to various performing opportunities along the way to grow as a performer, dancer, and person.
