

AMELIA ODDY

Amelia's course of study has dramatically changed over the past year – going from intensive training alongside year 10, to being selected as a student in the 2022 class for the Western Australian Academy of Performing Arts' (WAAPA) Diploma of Professional Dance (Elite Performance). WAAPA is a leading Australian performing arts school in Perth where she will study three years full time dance focused on ballet and contemporary.

At the end of the three years, Amelia is aiming to have a Bachelor in Elite Performance. She intends to pair her degree alongside her passion to create a career. She anticipates becoming a classically centred dancer in an Australian based company.

To maintain her involvement in the performing arts sector, Amelia plans to develop her passion for ballet by following a professional career, teaching and choreographing in Australia. Her specific aim is to teach the younger generation of students and help them grow into the future of dance.
